EXPERIENCE

08/2022 - Present

Panamá Panamá

Full-Stack Software Engineer
Promix International S.A

· Key role in enhancing the 'Comprasaldo' application and developing a new service called the 'Pagocash' wallet app for the Panamanian and Venezuelan markets.
· Integrated backend with three mobile applications, ensuring seamless functionality. Scaled backend to meet new requirements and built an admin panel, aligning with company needs and regulatory standards.
· Designed and implemented services in compliance with the Bank Superintendency of Panama.
· Led a team member in project development.

01/2022 - 08/2022

Atlanta Georgia Estados Unidos

Full-Stack Sofware Engineer (Consultant)
Parkiss

· Structured project requirements and developed a Web application for controlling and managing vehicles in parking places using technologies such as React, Express, and Firebase.
· Contributed to the success of the project until its closure due to budget problems.
· Gained experience in project management, development, implementation, and control activities.
· The project was terminated due to budgetary concerns.

06/2021 - 09/2021

San Francisco California United States

Front-end Developer (Consultant)
Orchestra

· Designing and building solutions while ensuring seamless communication and collaboration between the data science and design teams.
· Developed and integrated a web page to display data, enhancing the company's ability to showcase insights and findings to clients.
· Collaborated with the design and data analysis teams to ensure the web page aligned with the company's branding and data visualization standards.
· Utilized programming languages and tools to create a user-friendly and interactive web page, improving the user experience and engagement.

EXPERIENCE

03/2020 - 06/2021

Valencia, Venezuela

- Team Leader & UI/UX LMS Developer (Consultant)
  GL Content
  · Venezuela Wadhwani Foundation (sub-contracted by GL Content): During my time at GL Content, I had the opportunity to work as a subcontractor for Wadhwani Foundation, specifically contributing to projects in the Latin America (LATAM) region.
  · Wadhwani Foundation is a not-for-profit organization dedicated to accelerating economic development and job creation in emerging economies, including Latin America.
  · My role involved supporting the foundation's initiatives to help create jobs and educate professionals in the LATAM region.
  · In my role, I was responsible for the following tasks:
  · Tropicalized and reprogrammed functions within e-learning courses such as "Job Ready, " "Job Rise, " and "Job Interviews" to suit local or regional requirements.
  · Developed and structured e-learning projects, demonstrating adaptability and technical expertise.
  · Led a team to successful project completion, showcasing strong project management and leadership skills.
